Compiled by: **Knut Larsson**  
Last updated: 5th January 2014

## INTRODUCTION:

This large list is still very much under construction and is based on a study of Luftwaffe claims (Abschüsse in German) against enemy aircraft in the Nordic area. The Register is divided into the following items:

## CONTENTS IN THIS REGISTER:

Claims from pilots up from Schleswig-Holstein-Hamburg	1S
Claims from pilots up from Denmark	2D
Claims from pilots up from South-Norway	3N
Claims from pilots up from Central-Norway	4N
Claims from pilots up from North-Norway	5N
Claims from pilots up from North-Finland and eastwards	6F
Claims from pilots up from South-Finland and eastwards	7F
Claims from pilots up from Estonia/Latvia and eastwards	8E
Claims from pilots up from Germany if over the Nordic area	9G

At the end conclusions and summaries will be drawn when the list is better updated, probably late 2014
